Bob Walker discussed the Central Florida Fair and our continuing in the fair. The general view is that the fair is worth our efforts, but probably no need to do demos on Thursday during the day. The club received a check for \$200.00 for our participation. Linda Fulmer from the fair would like to see more woodturning submitted for judging. Bob will work with the club and Linda to create some more categories.

Show and Tell was followed by a wood auction. The auction raised \$49.00 for the club.

Tony Cortese from Dunnellon, Florida gave an excellent demonstration on carving turned objects.
