Christmas Party and Turnings Enjoyed by Members

Members of the Central Florida Woodturners turned out in full red attire for the Annual December Meeting and Christmas Party on 20 December 2007. The food was great and plentiful, and the turning competition was enlightening.

As can be seen from the above photo, the food must have been very tasty. And from the other photo, we can see that there was plenty of food. Thanks to all who brought a 'bit of extra' this year.

After the dinner was completed, the President offered several comments and then the awards for the turning competition were presented.

The results of the competition voting are as follows:

The competitions had a couple of 'firsts' this year. Most notable are that the Master Division and the Intermediate Division were won by turners exhibiting segmented work. This brought a comment from the President to the effect that maybe next year we will need a separate division for segmented work.

Another remarkable accomplishment was in the novice division. Rebekkah Barg won that competition even though she has been actively turning for only about one-half year.

This is indeed an accomplishment and sets a stage of high expectations for her future work.

The evening of partying was concluded by an extended segment of raffling. Many gifts were given out to the members. These gifts were given by the Club's sponsors and supporters. Many thanks to the businesses and organizations that support our Woodturners' club.
